Annual DRAFT Update to the Northwest Georgia Regional Plan

Etowah River Water Trail, Bartow County.

This Draft Update to the 2014 Northwest Georgia Regional Agenda has been prepared in accordance with the Standards and Procedures for Regional Planning, Chapter 110-12-6. The annual update includes a Report of Accomplishments on projects and strategies completed in 2016-2017, a discussion of minimum planning standards and any local governments not meeting those standards, and a new work program for actions the Regional Commission and partner organizations will undertake in Northwest Georgia for 2018-2022.

This annual update offers an opportunity to review projects that neighboring regions and the state are pursuing in key planning areas such as water, transportation, land use and development, and greenspace, parks and recreation. Accordingly, this annual draft update has been prepared with review and consideration of the Northwest Georgia Comprehensive Economic Development Strategy, the Coosa North Georgia Regional Water Plan, Georgia's Statewide Comprehensive Outdoor Recreation Plan, Metropolitan Planning Organization transportation plans, and adjacent Regional Commissions' regional plans.

Local Government Performance Standards Update

Regional Commission staff meet with each local government at least every two years as part of Plan Implementation Meetings, during which we review the minimum and excellence planning standards for the region, which include having required plans in place, meeting training requirements, and using electronic communications. If a minimum standard such as meeting required training is not met at that time, for example by a new clerk or elected official, it would be met as the courses and training are completed. The Regional Commission will reassess at the next plan implementation meeting.

Regional Priority Needs and Opportunities

The Regional Issues and Opportunities listed below are the final, agreed upon, issues and opportunities to be addressed in the Implementation Program of the Regional Agenda. The list of Potential Issues and Opportunities identified in the Regional Assessment was modified and refined through stakeholder input to yield this final list. Each of the issues and opportunities on this final list is followed-up with corresponding implementation measures in the Implementation Program. The identification codes are provided to cross reference the implementation measures to the final issues and opportunities. The Regional Issues and Opportunities that follow are categorized by various planning elements.

Regional Work Program 2018-2022

The Regional Work Program identifies specific actions that the Northwest Georgia Regional Commission will undertake over the next five years in its effort to successfully implement the Regional Plan and the identified Regional Priorities. The table of actions that follows also includes specific strategies that participants other than the Regional Commission may take to implement the Regional Plan.

These actions are separated into the following categories:

- **Planning and Coordination.** Activities performed by the Regional Commission to assist local governments and other regional participants to act consistently with the Regional Plan.
- **Review.** Activities performed by other participants in the region that require review and comment by the Northwest Georgia Regional Commission. The findings from reviews are advisory in nature.

Planning and Coordination Priorities and Actions are subdivided into seven categories by planning element (Economic Development, Housing, etc.).

Proposed additions are shown as underlined text.
